

## Category Transitions

This will become the base for the new workflow system in [Tiki4](#) and [Tiki5](#)

2009-09-20: Partially works for files galleries

To test, add a file to "In Progress" Category and you will see the category transition module when checking the details for that file. When you try to apply a transition, it is lost.

2009-10-29: Tracker items: works
